Every city should have the right to employ for its work the very best men to be had. That is the real issue in the fight over the Montague bill now before the Senate. This measure shortens to thirty days the period of residence, in the city required of a candidate as a condition precedent to his becoming eligible to a municipal position. The present requirement demands that such a candidate, in order to be eligible, shall have been a resident of the State two years and of the county, city or town one year, and in the precinct in which he offers to vote thirty days preceding the election in which he offers to participate.

But a business, and the tribe of easy marks shows no signs of race suicide, and the tribe of reac suicide.
